Projects

MERN Auth System – MongoDB, Express.js, React.js, Node.js
• Developed a secure authentication system with JWT, OTP verification, and protected routes for user access control.
• Built with Vite + React and Tailwind CSS; deployed frontend on Vercel and backend on Render for efficient CI/CD.

CamConnect – MERN Stack, WebRTC
• Built a real-time **video calling** and **chat app** using WebRTC and Socket.io.
• Enabled seamless peer-to-peer communication with live messaging during calls.

My Portfolio – Next.js, Tailwind CSS, React
• Developed a personal portfolio website using Next.js to showcase my projects, skills, and certifications.
• Built with a clean, responsive UI using Tailwind CSS and deployed on Vercel.

Blossom Studio – WordPress, Elementor
• Built a clean, responsive website using WordPress and Elementor to showcase creative services.
• Customized design elements and created reusable templates for easy updates and brand consistency.

Certifications & Courses

• **NPTEL**: C Programming, Theory of Computation, Software Engineering
• **Udemy** : MERN Stack Web Development Training Program (2024)

Extracurricular Activities

• Secured top positions in zonal and inter-zonal debate and elocution competitions
• Anchored multiple college tech and cultural events
